#### Portland Fish News

Nine gill netters landed 15,100 pounds of groundfish at Portland Tuesday afternoon. The fares were \$100 and \$1000 pounds at the wharf.

At 5 p. m. yesterday, the Catherine sailed from Gloucester to fit out for another halibut trip. The last took up four weeks and the Catherine went to the Funks, between Newfoundland and Greenland, 1400 miles away, for her catch. Her skipper-owner, Capt. Archie McLeod, reported sighting a lot of field ice and many large bergs.

Ready for her fourth swordfishing trip, the schooner Alice M. Doughty sailed for Bailey Island, at Portland Tuesday afternoon. She arrived at Portland Tuesday morning from Boston, where she landed 58 fish Monday.

## ONE HALIBUTER AT BOSTON PIER

SCH. HESPERUS HAS 20,000  
POUNDS OF GROUND-  
FISH.

The fleet at the Boston fish pier this morning numbered 26, including one with halibut, four seiners, and the Shirley M. Clattenburg, which was in collision on Georges on Monday, with 34 swordfish. Mackerel receipts were light as a result of the reduced production "code". Sch. Hesperus brought in the halibut.

Total brought were 660,000 pounds of groundfish, 165,000 pounds of mixed fish, 20,000 pounds of halibut, 51 swordfish, 40,000 pounds of mackerel and 15,000 pounds of salt fish. Prices held at about the same level as yesterday. Mackerel were a little higher.

Yesterday 133 swordfish were received via the St. John steamer and 11 from the Yarmouth boat.

### Survey Essex County Ports.

The U. S. River and Harbor Engineers have sent two men from the office in Washington to make a survey of the ports of Portsmouth, N. H., Newburyport, Beverly, Salem and Lynn. This is the first time this has ever been done by the engineers. It will take three to four weeks to make the surveys as all the facilities of the various ports have to be recorded, the depth of the channels, wharves, warehouses, the amount and kind of freight that is handled and all information that shippers require when using the ports. This will be published in pamphlet form later in the year.

For many years the engineers have issued three publications taking in large ports on the seacoast of the United States as well as the Great Lakes. A survey has been made of the ports in Southern New England and the present one takes in Northern New England.

### Record Catch of Swordfish.

A record catch of swordfish for this season at Louisburg, C. B., was reported Thursday when about 300 fish were taken. The day was ideal for swordfishing and practically every boat succeeded in landing one or more. One boat captured 11 fish netting the crew nearly \$200 for the day's work. The waterfront was a hive of activity, the various buyers having a number of men employed, cleaning, boxing, icing and loading the fish for transportation to the Boston market.

### Portland News.

Groundfish arrivals in gill netters Wednesday afternoon included the Anna C., 2,000 pounds; Arthur Griffin, 1,900 pounds; the Richard J., and Jay Hunt, 1,800 pounds apiece; and Fred Griffin, 1,200 pounds.

### Fishermen Land Large Swordfish.

A number of swordfish have been sighted at Indian Harbor, but few have been caught. Captain Donald Cleveland got four in one day. Zaccaria and Isaac Richardson landed one on Monday, which tipped the scales at 513 pounds. The fish was shipped to Boston. Dogfish are leaving the waters at Indian Harbor and fishermen are getting better results.

### COASTGUARD WILL

#### WATCH TUNA FISH

Coast Guardsmen were given another duty yesterday in addition to their routine of blasting icebergs, saving swimmers and aiding ships in distress.

By order of the Treasury Department they are to keep a weather eye out for 60 tuna fish liberated by a government aquarium in Lisbon, Portugal, June 22, 1932.

The Portuguese legation in Washington made the request of the State at Boston yesterday, from Isaac's Harbor, N. S., with the second cargo of Cape Breton swordfish to come to the Boston market this season. The shipment consisted of 195 fish, all packed in ice and of fine quality.

This year, for the first time, the Canadian government is co-operating with and aiding the fishermen with the use of cruisers, patrol boats and airplanes reporting the presence of swordfish. This information saves time and gasoline and enables the fishermen to make better catches.

## DOZEN SEINERS ARRIVED TODAY

**RECEIPTS TOTAL 170,000 POUNDS AND PRICE DROPS—VARIETIES IN GOOD SUPPLY.**

The fleet at the Boston fish pier this morning numbered 30, including a dozen seiners and two swordfishermen. The price of mackerel fell to the minimum again, 1 1-2 cents to 2 cents per pound for small fish with receipts of 169,500 pounds.

Other vessels brought in 345,000 pounds of groundfish, 79 swordfish and 250,000 pounds of mixed fish. Groundfish prices were a little lower today.

In short order, all mackerel seiners adhering to the code in every detail as ruled by the association with the federal government's endorsement, will fly a burgee denoting the boat as a member of the Nira legion, so that in case a Nira boat catches more than its share of fish, it can look for another boat flying a similar burgee, and give them the extra, in order to help them get their maximum.

The burgees are about five feet in length, and two feet deep, a white background, with the following wording, "N R A," in red block letters, four inches deep; under it being "Member," in blue block letters; then the eagle with arrows and wheel of industry, all in blue; and beneath that, the slogan "We do our part" in two-inch deep red block letters.
